Ce tome II du *Lexicon Iconographicum Mythologiae Classicae* comporte un volume de planches (au nombre de 810) encore plus important que le premier. Aussi n'est-il pas besoin de souligner à nouveau la part essentielle que joue dans cet ouvrage l'illustration, une illustration, qui, cette fois encore, n'aurait pu être réalisée sans la collaboration et l'aide compétente des organismes et des personnalités responsables en ce domaine: les directeurs des différents services ou départements des antiquités, les directeurs des circonscriptions archéologiques (éphories, surintendances, etc.), les directeurs des écoles et instituts archéologiques, les conservateurs des musées et des collections, les collectionneurs, et tous les collaborateurs qui ont bien voulu nous aider à rassembler la documentation présentée ici.

A tous, nous tenons à exprimer notre profonde gratitude pour la patience et le dévouement dont ils ont fait preuve. Notre reconnaissance s'adresse tout particulièrement aux nombreuses institutions qui ont accepté de renoncer aux droits de reproduction, ou même qui ont offert gracieusement les photographies qui nous étaient nécessaires. Toutes ne peuvent être citées ici, mais leurs responsables savent bien qu'ils ont fourni ainsi une contribution majeure à la réalisation de ce nouveau volume, et par là même qu'ils ont beaucoup apporté à la communauté scientifique internationale.

LILLY KAHIL
Secrétaire général du
Lexicon Iconographicum Mythologiae Classicae
